INTRO

We are pleased to present The Apartment Line collection of furniture with highly functional modern designs for the clients who set a high value on contemporary furnished cozy space. Daring combination of high quality materials and finishes will definitely enhance the interior of any room. Variousy designed trendy furniture pieces provide the comfortable and pleasant living for every resident.

Our ambitious professional team is ready to work for you and with you to create a cozy home for you and your clients or partners.

Hellen Design's team consists of professionals in different areas: managers, architects, designers, constructors, logistics etc.

We made our first kitchen 30 years ago. Nowadays it's a family running business which includes several factories of more than 100000 sq m with the production processes from raw material preparation and manufacturing to logistics and design, and about 2000 skilled workers are involved in producing all kind of furniture from kitchen to dress rooms and bathrooms. Recently we added doors and engineered wood flooring to our portfolio.

The equipment and technology of the most advanced European companies (Koimpex, BIESSE, SELCO, HOMAG) are used in production, and part of the production process is completely automated, which allows to save time and achieve extremely high quality standards. As reflected in our successful projects in the UK, Sweden, Iceland and some other European countries.

A very important part of our business is professional trainings and regular participation in trade fairs and exhibitions for furniture and industrial equipment, which keep us up to date on current trends in the industry. All our products meet ISO 9001:2008 Quality Management System Requirements.

06 ОСВЕЩЕНИЕ ILLUMINATION

LED downlight LUMINO round / ESTELLA square

Power unit for connecting up to 6 LED downlights
Color temperature 4000 K
Light source color neutral white
Dimming dimmable
Housing material plastic
Number of LEDs 16
 By default push switch for manual on / off switching provided
The following sensor switches are available:
 • touch sensor switch with integrated dimming function
 • 2 in 1 (door contact switch: door open = light on, door closed = light off; motion sensor) with integrated dimming function
 • sensor switch for touch-free on/off switching (sensor range 40 mm)

LED downlight BARRI round

Set 3 downlights
Color temperature 6400 K
Light source color cool white
Housing material stainless steel / plastic
Number of LEDs 27

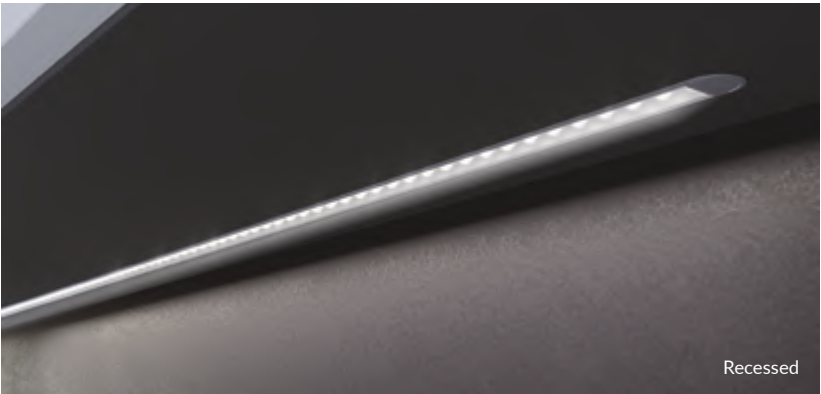

Illuminated LED glass shelf HLT

Functional illumination of wall unit interior and work surface
 Touch sensor
Cabinet width 450, 600, 900 (mm)
Cabinet depth 350 mm
Material aluminum / frosted glass

2K LED glass edge lighting clip

Shelf thickness 4-8 (mm)
 Power 0,25 W
 Color temperature 6200 K
 Light source color cool white
 Material stainless steel
 Number of LEDs 3

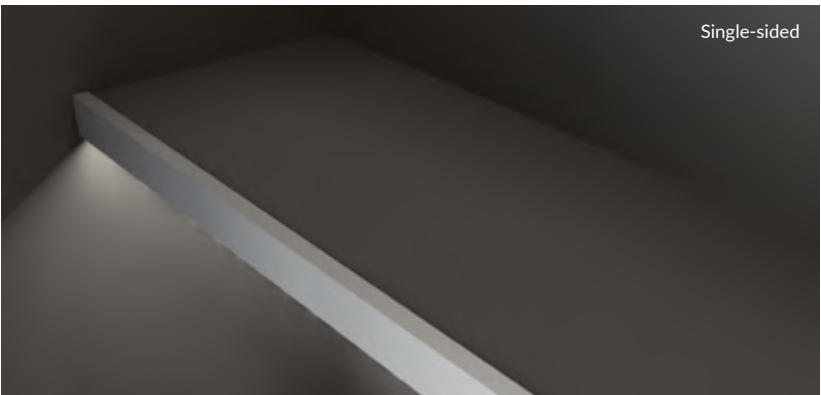

Recessed / surface mounted LED profile

Maximum length 3000 mm
 Material aluminum
 Cover frosted plastic
 End caps (optionally) ABS silver
 LED strip must be ordered separately

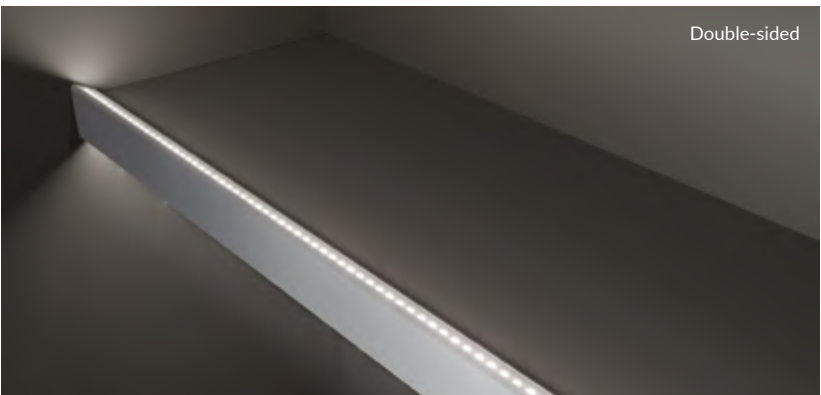

Corner profile HLT with LED lighting

Convenient illumination inside the drawer
 Automatic magnetic sensor
 Cabinet width 450, 600, 900 (mm)
 Material aluminum / plastic

Edge LED profile (single-/ double-sided)

Shelf thickness 18 mm
 Maximum length 3000 mm
 Material aluminum
 Cover frosted plastic
 LED strip must be ordered separately

12V DC

LED strip for LED profiles

Length 5 m
Width 8 mm
Cutting distance 50 mm
Power 6 W/m
Number of diodes 60/m
Color temperature 5000 K
Light source color neutral white
Dimming dimmable
Must be ordered separately
